SCC Recommendations to the three-year Academic Plan and Financial Plan:

The School Community Council, in review of the Academic and Financial Plans, has provided the principal with the following recommendations for consideration. These recommendations are included as a means to share these issues with the Complex Area Superintendent and to identify the action taken by the principal on the SCC recommendations.

SCC Recommendation:	Rationale for the SCC Recommendation:	Principal's Response to SCC Recommendation:
Example: To maintain the full time computer teacher position	Example: The school is moving into electronic portfolios for each student so there is a need for school-wide training for staff and students. The computer teacher conducts teacher in-service on integrating technology into instructional units for all classrooms. The computer teacher also provides direct instruction for students.	Example: Due to the need for a focus on improving Math and Reading skills for all students, the position is being eliminated and funds will be used to contract professional development consultants for Math and Reading based on the student performance data. The electronic portfolio in-service for teachers will be coordinated through OCISS, Advanced Technology Research Branch.
