

April 6, 2020

Aloha Kindergarten EL Students,

Here are some activities for you to do to practice reading, listening, speaking and writing.

Parents please read the short story to your child first. Then reread the story with your child allowing them to join in or choral (read together) read the story.

After reading, answer the questions that follow. Read the direction for each section.

There are also vocabulary words included with each story. You will say the vocabulary word, then have your child repeat the word after you. Then follow the rest of the directions to complete.

There are 20 of these short story activities. Along with these offline activities, your child should have received a copy of their username and passwords to 2 online sites. They are Imagine Learning and BrainPOP ELL.

Please stay healthy and safe,
Ms. S. Garan
EL Coordinator/Teacher
